

## Instructions

1- Fill the prelabelled bottles with your favorite fish attractant oils.

**Do not use gels**

2- Lace the 'Scent Torpedo' onto your fishing line as per the directions (right).

3- Locate the 'Scent Torpedo' 1-3' above your lure.

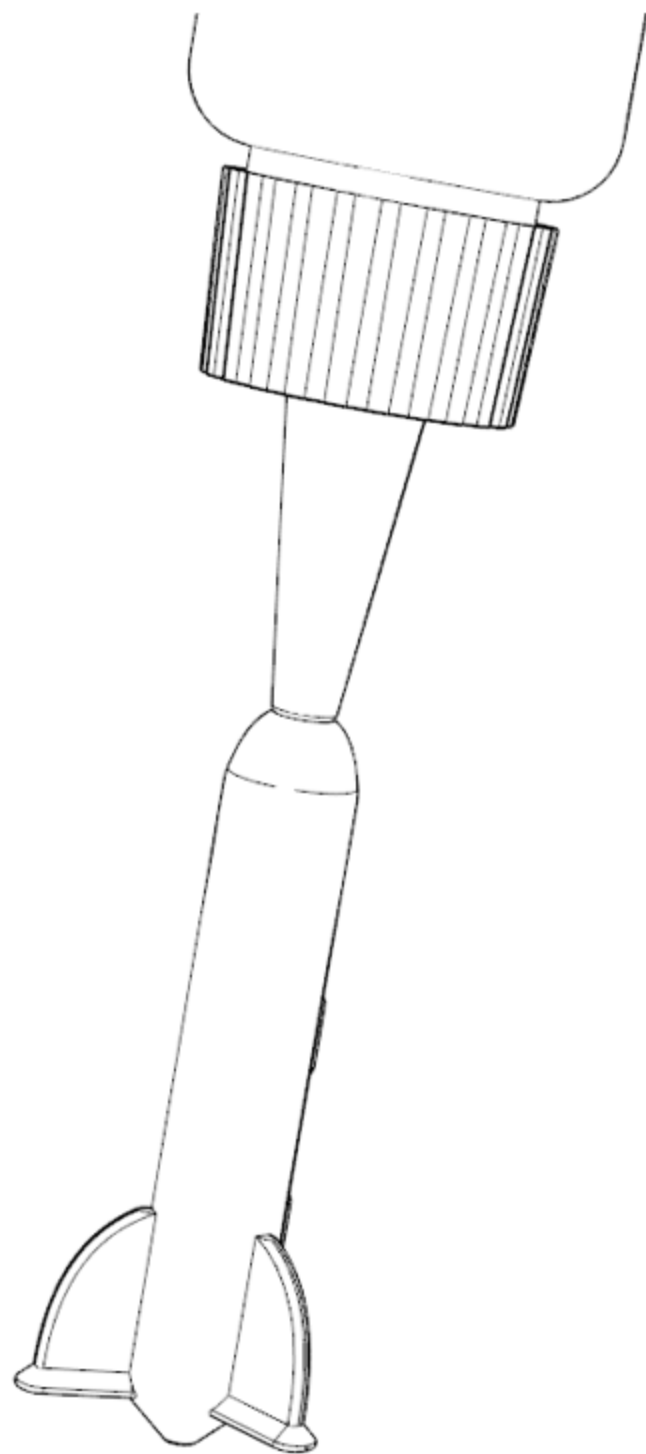

4- Use the bottles to fill your 'Scent Torpedo'.

Fill until full, this is when the oil drips from the back end.

(Pro Tip - Fill the 'Scent Torpedo' at a location where any dripping oils will go into the water and not on your boat).

5- Refill every 1-2 hours depending on trolling speed.

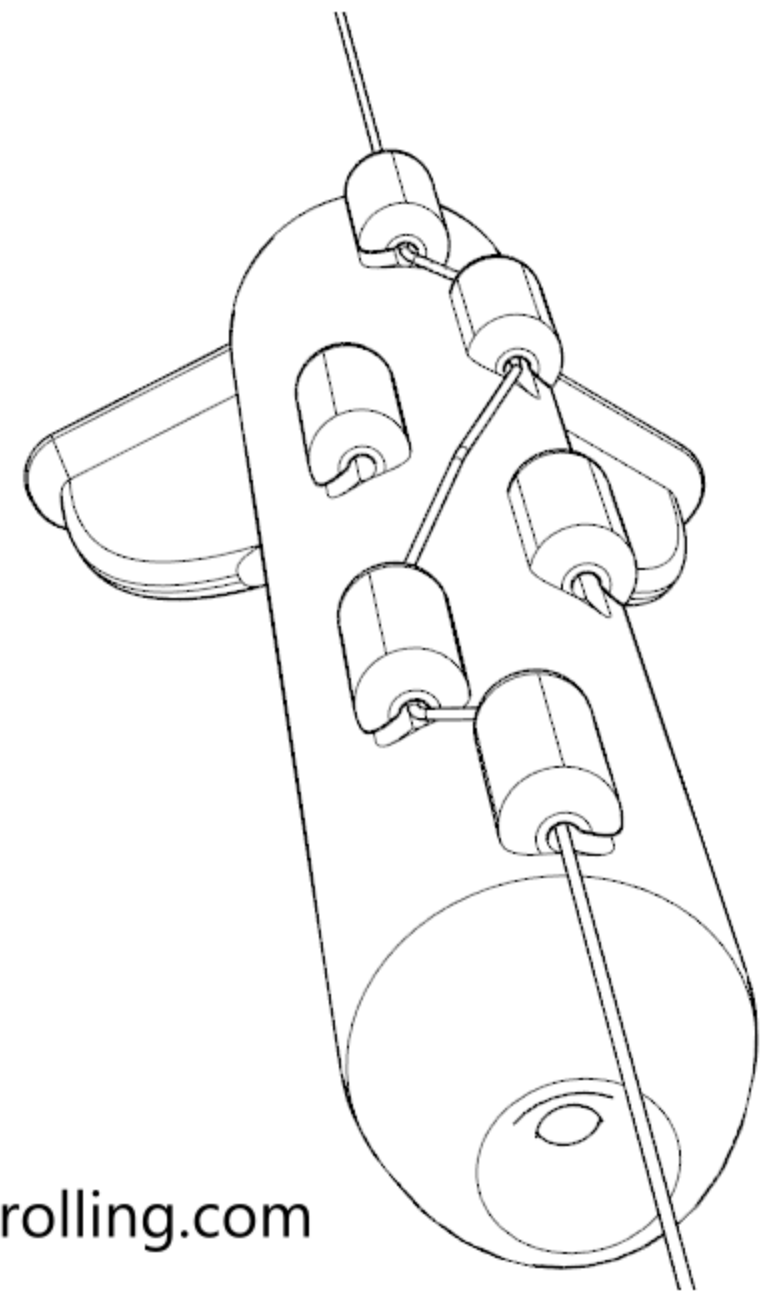

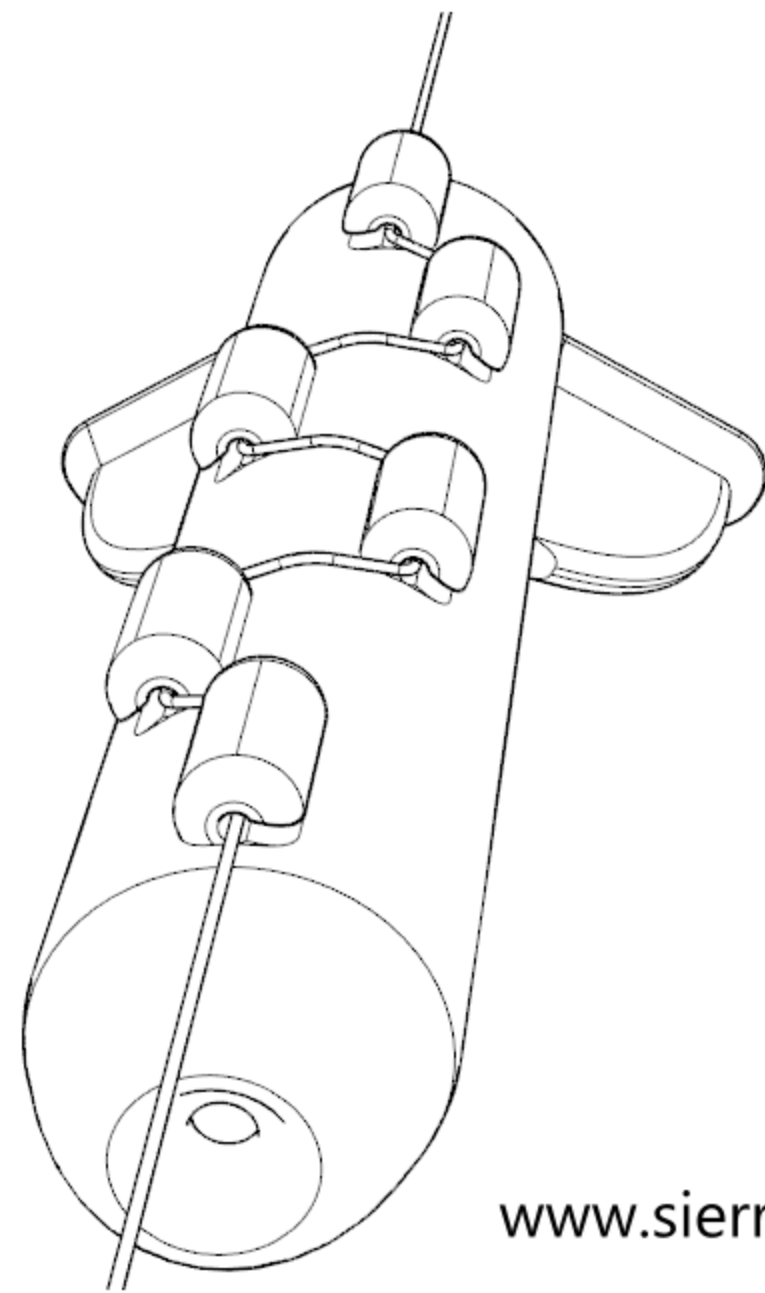

6- Store your 'Scent Torpedos' in the included tube to keep your gear clean.

## Lacing options

2-4 lb test use **left** options

6-12 lb test use **Right** options
